DON'T HANG YOURSELF FOR A UNION!

Fight for Your Future . . . Not the Union's.

DID YOU EVER SIT DOWN AND TAKE STOCK OF WHAT YOUR JOB BENEFITS REALLY ARE?
AND HOW WELL YOU HAVE DONE AT

APPOMATTOX GARMENT CO.

Above All VOTE

Each of you has an important decision to make Thursday, October 31st. On that day, you will decide whether or not you want the International Ladies Garment Workers Union to represent you.

Our primary concern is that you vote in your own best personal interest. Here are some things we hope you'll bear in mind:

EVERYONE SHOULD VOTE. The outcome will have an effect on each of you.

TAKE AN INTEREST IN THE ELECTION. Should the union get in, it would represent you whether you are for it or not.

PROTECT YOUR INTEREST. Take an active part in the election and help it go the way you want it to go.

Vote NO On October 31st

But above all V-O-T-E!

TRICK OR TREAT FOR THE GOBLINS

Halloween should be an exciting time for your children. But unfortunately, in recent years this age-old night of bewitching has often been marred by a witch's brew of tragedy.

Each year we suffer serious, sometimes fatal burns in accidents which have not been necessary. They are handed out with hot goodies when children trick or treating. Razor blades given bitten into apples have been the cause which glass or razor blades have been inserted. Even one child seems to set the stage for tragedy.

With careful planning and safety precautions, your child should be able to enjoy Halloween in the way it was intended. Here are some suggestions which you'd be wise to follow in getting your children ready for the spook night.

Make your child's costume with reflective tape to help make it visible in the dark. Tapes such as those from Scotch tape is generally available at a hardware store. Use only flame retardant materials. Or, if you make the costume, use only cotton or cotton mixtures which is not effective. Avoid synthetic fibers such as rayon, acetate, etc.) and treat the fabric with a flame retardant solution you can easily prepare yourself.

To treat cotton fabrics, use a solution of 7 ounces borax, 2 ounces boric acid and 2 quarts water. Dissolve boric acid and borax separate with a small amount of water. Add this and enough water to water. Stir until solution is clear. For rayon and other synthetic fabrics, use a solution of 12½ ounces of diammonium phosphate and 2 quarts of water. Just mix the chemicals with the water until dissolved.

These chemicals can be purchased at most drug stores or grocery markets.

Apply solutions by dipping, spraying or sprinkling the fabric. But it's important to remember to thoroughly dampen the material. The solution needs to be reapplied after washing or exposure to rain.

Use "Natural" masks by applying cosmetic make-up - drawing charcoal, colored chalks, powder, lipstick, eyebrow pencil, etc. But if you do use a commercail mask, wig, bread, etc., make sure they are "flameproof" just like the costumes.

Use a flashlight - NEVER a lighted candle - to illuminate a pumpkin face, whether it is carried or is part of decorations.

Never place Halloween decorations near light bulbs, radiators, or any kind of heat.

Be especially careful with the colorful fall leaves, berries, haystacks, Indian corn and similar tinder - dry materials which you might use for decorations.

When small children set out on their "broomstick" rounds, be sure an adult is with them.

Examine all loot your child brings home before he consumes it.

Explain the meaning of Halloween to your child. And make sure he understands it is a fun time - not an occasion for dangerous pranks and evil deeds.

With the advent of so many Halloween hazards in recent years, many parents are giving home parties in lieu of trick or treating.

RECIPE OF THE WEEK
Hamburger Casserole

2 Tablespoons cooking oil
1 cup chopped onions
¾ cup chopped celery
1 diced green pepper
1 lb. hamburger
2 cans cream of chicken soup
1 can mushroom soup
8 oz. box noodles
Bread crumbs
Grated cheese

In pan put cooking oil - add the onions, celery and green pepper. Let all these cooking slowly until soft and onions brown. Add hamburger and cook til brown. Add cans of cream of chicken soup and mushroom soup, let simmer. Cook noodles and drain. Add noodles to the hamburger mixture and let cook for 5 minutes. Put all in baking dish and cover with crumbs and grated cheese. Put in a 350° oven until all is bubbling (approximately 20-25 minutes). This dish can be frozen or kept in refrigerator before baking.

Beckham
